Nature + English + AI | 自然 + 英语 + 人工智能

Every Earth & Screen session begins with nature, builds English confidence through genuine curiosity, and introduces AI through wonder — not explanation. Children leave every session knowing that technology is powerful, but that they are more powerful.

每节Earth & Screen课程都从自然开始，通过真正的好奇心建立英语自信，以惊奇而非解释的方式介绍人工智能。
孩子们在每节课结束时都明白：技术很强大，但他们更强大。
